Dear Patron:

*I know you're busy, so we won't give you a long discussion on why you should recycle; chances are, you already know. So we'll just take a moment to tell you about our recycling program. We provide free curbside pick-up and drop-off locations (schedule is shown on next page) in many neighborhoods for the items listed below. These items directly support the Homeless Shelter on York Road and our Family Shelter in Gettysburg. Your involvement in our recycling program helps us to provide shelter for the homeless, meals, job training and counseling. All we ask is that you donate recyclable items that you may now be putting in the trash. On behalf of the homeless we "thank you" for your clean recyclable items. **WE ARE GRATEFUL FOR YOUR SUPPORT!***

*Adams Rescue Mission Director*

**RECYCLABLE ITEMS WE ACCEPT**

- 👉 **Aluminum Cans and Scrap** - Please remove webbing from lawn chairs.
- 👉 **Bi-metal (tin) cans** - Labels may be left on, but please rinse all cans & bottles.
- 👉 **Books** – All types, including encyclopedias, etc.
- 👉 **Cardboard** - Corrugated boxes, cereal boxes, shoe boxes, manila folders, etc.
- 👉 **Clothing & Textiles** - Please bag or box useable clothing separately. You can label un-usable items and rags as “*textiles*” (No oily or wet clothing please.)
- 👉 **Furniture & Appliances** - Please call ahead for a pick-up or you can drop off furniture (in good shape only) or appliances (in working condition) at the Mission from 9:00 am to 4:30 pm, Monday - Saturday.
- 👉 **Magazines** – Also glossy inserts from the newspaper, junk mail. etc.
- 👉 **Newspaper** – *Please*, no glossy inserts mixed in with the newspaper.
- 👉 **Paper Bags** – Paper ONLY, glossy finish not mixed in.
- 👉 **Plastic** – Unfortunately, we cannot pick up plastic at the curb (space problem in trucks) but we do provide a month drop-off point near your home (see list on next page) or you can drop it off at the Mission during business hours. **Please include only #1 & #2 plastics with a neck (bottle-type.)** Check for a triangle symbol on the bottom with a number 1 or 2 in it.
- 👉 **White Paper** - Notebook paper, copy paper (any color), card stock, stationery, church bulletins, office paper, computer paper, some junk mail (please remove glossy inserts and plastic window envelopes)

The A.R.M. Recycling Center is open from 8:00 am to 8:00 p.m. Monday through Saturday. **For your convenience all recyclables may be dropped off at the Mission during the above hours.** Call for details regarding holiday hours.

\*\* We also operate an excellent clothing and furniture thrift store. Come in and shop with us for some great deals!

## Adams Rescue Mission Collection Points

<b>1st Saturday</b>	Cumberland Township Building	<b>9:00 am - 11:30 am</b>

### Antifreeze (see listing under 'Oil')

### Asbestos (Businesses – must be tested by DEP & handled as Hazardous Waste)

Determine if 'Friable' or 'Non-Friable'

Call DEP (783-2300 or 705-4700) or Laboratory Analytical & Bio Services in East Berlin (259-6550)

Friable – usually used as insulation around pipes in older buildings; brittle, breaks / crumbles easily. You need an 'Abatement' company to remove/dispose of it.

Non-Friable – usually used in shingles, floor tiles, etc. This can go to a landfill, or you can build/remodel over top of it.

Commercial Building – contact DEP before demolition begins.

Baxter Group, Chambersburg (abatement co.) ..... 263-7341 or 800-990-7210

Liquid: must be solidified (use sawdust, newspaper, kitty litter, etc), then can be put out with trash

### Asphalt (see listing under "Blacktop")

### Ballasts (see listing under 'Lights')

**Paint (Old) - Handling & Disposal**

*Oil based paint has a shelf life of 15 years; water based paint has a shelf life of 10 years if it has not been repeatedly frozen and thawed. Old paint is usable if it mixes when you stir it & no lumps appear when you brush it on a surface.*

*To safely dispose of non-aerosol, unusable paint/stain (oil or water-based) - mix kitty litter, commercial hardener (available at hardware stores, Bio-Wash Paint Hardener Product treats 4 gallons of paint), shredded newspaper, sand or other absorbent material with the old paint until it solidifies. **Seal the can tightly and place in your regular trash.***

## So why can't all plastics be recycled together?

There are many types of plastics, like the many types of metals and papers. And, like metals and papers, the different types of plastics need to be kept separated in order to be recycled properly.

Different types of plastics serve different purposes; such as...

PET (#1) – used for soda bottles because it keeps the “fizz” in your carbonated drink.

HDPE (#2) – used for milk & detergent bottles because it can be molded into a shape with a handle, making it easier for dispensing.

The code number on plastic items refers to the general type of resin contained in that item – and differences can be found within some items using the same general resin. For the various plastics to retain their special properties when being recycled into new products, they must be kept separate from each other. Caps & lids should be removed from all bottles as they are made from another type of resin and need to be processed separate from the bottles.

Example: two different items are labeled #2 HDPE; however, their properties may not be the same and require different handling. Bottles that are “blow-molded” containers are different from margarine tubs that are “injection-molded” containers. One melts at a very high temp, the other melts at a very low temp. If they are mixed in the recycling process, the resulting container would be contaminated and not usable in the packaging industry.

In Adams County, only #1 and #2 bottles (a container with a neck that is smaller than the bottom) are recyclable through most programs. Check with your recycling hauler to determine if additional plastics are accepted. You can also check the listings in this brochure under Plastic for additional options.
