

2020 CENSUS

One of the most important changes to this census is the ability to complete the nine (9) questions online! Invitations to participate in the 2020 Census will be sent out in March and if it's completed online, by phone, or mail an enumerator will not come to the door.

The County is gathering resources to help educate and motivate residents to complete the Census. Here is the link to the 2020 Census page on the County's website:

This page is where the County has begun to collect information about the Census, confidentiality, accessibility, available jobs, etc. We will also be convening a Complete Count Committee in the near future. Contact information for the committee is there as well, if anyone is interested.
