***ALPHA FIRE COMPANY – INCREASE  
IN DONATIONS***

The Alpha Fire Company is asking for an increase in their donation. Members of the Fire Company informed Council that the study done by the COG states that the Borough should be donating at least \$84,000 to the Fire Company.

The Council President informed the Fire Company that our budget was balance with no tax increases to the residents and was not sure if we would be able to find additional funds. He also informed the Fire Company that with the workers comp, police protection for the carnival and water/sewer the Borough gives more than \$25,000 a year now.

The Fire Company realizes that the Borough would not be able to give \$84,000 right away but is asking that they start increasing the contribution to reach that goal.

The Council informed the Fire Company that they would take another look at the Budget but they were not making any promises as to if an increase will happen.
