

HYDRANT FLUSHING

It is that time of year again to flush the fire hydrants. The hydrant flushing is scheduled for September 21, 2017 between 10:00 p.m. – Midnight and September 22, 2017 between Midnight and 6:00 a.m. If you turn your faucet(s) on during these hours the water will be cloudy. If you allow your water to run for a short time it the water will clear up.
