

ATTENTION RESIDENTS AND VISITORS

For the health and safety of our residents and staff, Mt. Pleasant Township will be using Zoom, a teleconferencing meeting platform, for upcoming meetings of the Board of Supervisors and Planning Commission until further notice. Agendas will be provided on our website for all upcoming meetings while we utilize this meeting format.

Mt. Pleasant Township administration encourages public participation and will be providing a call-in option as well as supplying a “join in” code, when requested by the public. Comments concerning agenda items will also be accepted by e-mail at the following address: mptsecretary@comcast.net. Comments will be accepted up to four (4) hours prior to start time of the Planning Commission meetings and up to twenty-four (24) hours prior to start time of the Board of Supervisors hearings/meetings. If you are interested in participating via phone or Zoom, please call **717-624-8049** to receive the necessary access information.

You may “call-in” or “join in” up to fifteen (15) minutes prior to any public meeting start time. Callers will then be able to hear the meeting content. When “joining in” electronically, you may do so with or without the video option. The “join in” option requires an app to be downloaded on your smart phone, computer or iPad/tablet.

Please note that extra time may be needed at the beginning of the meeting to be sure all participants have been “admitted”. Any inappropriate behavior prior to or during any hearing/meeting will not be tolerated and attendee will be terminated from further participation.

With this new, temporary telemeeting format, the public will not be allowed to attend any public meetings in person until further notice.
