**TO: CHAIRMAN AND MEMBERS OF THE EASTERN ADAMS REGIONAL
POLICE BOARD OF COMMISSIONERS**

FROM: CHIEF FRANCIS STAAB

SUBJECT: ANNUAL REPORT 2017

INTRODUCTION.

Since its inception in 1991, Eastern Adams Regional Police Department has made a commitment to the philosophy of community policing and has made significant strides in implementing this philosophy throughout the organization.

Community Policing is based on the concept that the police need to establish a partnership with the community they serve and work closely with citizens on crime and disorder problems that impact the quality-of-life in the community

Police departments that implement the philosophy of community policing with the strategy of problem-solving are more prepared to address the full range of social disorder, and/or crime problems that may exist with the goal of enhancing the quality-of-life in the community. By identifying these conditions in advance, the department can prepare strategies and responses that are more likely to solve the problem. The problem-solving process S.A.R.A. (scanning, analyzing, response, and assessment) is made more effective through the relationship between citizens and officers.

In 2015, the Department changed the manner in which we report and calculate service delivery to our municipalities. We implemented a new “unit of service concept” in which municipalities purchase time measured by a formula of 10 hours equals one unit. Time is monitored in (15) fifteen-minute increments on a daily, weekly, and annual basis. We have also incorporated a new reporting system to help us track crime more efficiently.

Definition of Police Protection Unit Cost

The responsibility of the Board of Commissioners is to ensure that large municipalities and small municipalities are compensating the police department at the same rate; having said that, the operational component (the police department) of the Board of Commissioners is tasked with insuring that each of the municipalities receives the police services they purchase.

Simply put, no member municipality should pay for services they do not receive. **Every municipality, including the largest and the smallest, purchase units at the same cost.** A unit (properly called a police protection unit or PPU) is an increment of time based on 10 hours of

police service per week X 52 weeks in a year. **Note:** Notwithstanding, each of the two participating municipalities enjoys 24 hours per day, 7 days per week response to calls for police assistance. The hours purchased by a municipality include all administrative (vacations, sick leave, training etc.), investigative, patrol and community policing time. All time purchased is tracked daily and weekly to ensure each municipality is receiving their allotted time

Legal Authority

Eastern Adams Regional Police Department is governed by a body identified as the *Eastern Adams Regional Police Commission*. The governing body (the Commission) is comprised of three elected officials from Oxford Township and two from New Oxford Borough. Oxford Township is represented by Harry McKean who serves as the Vice-Chairman, Mario Iocco, and Jim Lafferty. New Oxford Borough is represented by Dorothy Robinson and Patrick Sullivan who serves as the Chairman. Mr. Joseph Rudolf from Clark Hill LLP in Philadelphia, PA represented our Department and Commission as solicitor. The Department was audited by Kochenour, Earnest, Smyser, and Burg of our financial records and found to be in compliance with all acceptable accounting procedures.

The Chief of Police reports directly to the EARPD Police Commission, and is responsible for providing accurate and timely reporting of the direction of the agency. This reporting is completed prior to the monthly meeting of the Commission and entails statistical, operational, municipal time tracking and fiscal reporting

This year, our Department continued to provide services for Oxford Township and New Oxford Borough. The two municipalities together encompass approximately 10 square miles in Adams County. In accordance with generally accepted population figures, service is provided to about 7,665 citizens. The population, by municipality is Oxford Township – 5,838 and New Oxford Borough – 1827.

EARPD Policy Objectives & Formulation

Police policies and procedures organize the daily work of a police department and provide guidance for officers' decision-making in the field. Courts and the public look to departmental policies and procedures to determine whether an officer's actions were lawful and appropriate. All of the EARPD policies have been reviewed revised and disseminated to the agency members since August 2015 and are current with revisions and memorandums of understanding. The EARPD is compliant with the best standards and practices of law enforcement agencies.

The EARPD adheres to the practice of updating and drafting policies and procedures thoughtfully to encourage a law enforcement environment which meets community needs and withstands public and legal scrutiny. Policy review and formulation is an active and ongoing process. **The process is critical to the professional development of officers to assure**

guidance and compliance with the most recent case law, legal standards, and best practices in risk management and reduction. In assessing appropriate objectives and priorities for police policy formulation and service delivery to local communities it should be recognized that most police agencies are currently given responsibility, by design or default, to:

- (a) Identify criminal offenders and criminal activity and, where appropriate, to apprehend offenders and participate in subsequent court proceedings;
- (b) Reduce the opportunities for the commission of some crimes through preventive patrol and other measures;
- (c) Aid individuals who are in danger of physical harm;
- (d) Protect constitutional guarantees;
- (e) Facilitate the movement of people and vehicles;
- (f) Assist those who cannot care for themselves;
- (g) Resolve conflict;
- (h) Identify problems that are potentially serious law enforcement or governmental Problems
- (i) Create and maintain a feeling of security in the community;
- (j) Promote and preserve civil order; and
- (k) Provide other services on an emergency basis

This year the Eastern Adams Regional Police Department is once again undergoing rapid change and adjustment in electronic technology. As law enforcement moves into the twenty-first century, it must adopt innovative technologies and sciences, if it is to meet these new challenges. While it's true that the basic services provided by law enforcement remain the same, the delivery system for those services is far removed from years past.

Eastern Adams Regional is committed to providing the best services to our stakeholders and in accordance with this philosophy we hired 3rd Element Technologies as our new IT provider. 3rd Element was chosen with this responsibility because their business and expertise is only directed to the law enforcement community.

They have upgraded our infrastructure to allow Eastern Adams Regional to share information through our Records Management System to communicate with departments in York and Lancaster Counties. Eastern Adams also has access to information sharing with Conewago Township Police Department here in Adams County.

Our vehicles were upgraded with new mobile computers to interact with our new terminal server to allow our officers to issue E-file citations. New scanners were added to each vehicle with printers to accomplish this task. The E-file citations are transmitted directly to our local Magistrate's Office for processing, which saves departmental personnel time from transporting these citations to the court directly.

Eastern Adams Regional Police Department received a grant from the PA Chief's Association and received two new mobile fingerprint recognition devices. This allows our officers to identify

suspects or individuals who are unable to produce ID in real time while on location of their investigation instead of transporting the individual to Adams County Prison for ID verification.

Eastern Adams Regional purchased Power DMS which is a cloud-based compliance and document management solution that helps organizations reduce risk and liability. The application provides practical tools to organize and manage crucial documents and industry standards, train and test employees and uphold proof of compliance. Power DMS redefines document management through powerful collaboration, process and automation. This is a state-of-the-art technology application to more efficiently and effectively manage our accreditation process,”

STAFFING

Units of Service

In keeping with the dictates of the "Articles of Agreement", municipalities purchase time by using a "unit of service" concept. Units are currently measured by a formula of 10 hours equaling one unit. Time is monitored in fifteen-minute increments on a daily, weekly and annual basis. In 2017, the Department managed 10,400 hours of service to the Municipalities.

TABLE I
MUNICIPAL UNITS OF SERVICE

Municipality	Week Hours	Year Hours	Hours	Percent
Oxford Township	140	7280	65.3	0.998
New Oxford Borough	60	3120	21.7	0.998
EARP	200	10,400	87	0.998

Eastern Adams Regional Police Department provided additional coverage to our municipalities at less than 1% of budgeted resources or an additional 87 hours due to extended investigations, which resulted in apprehension of offenders.

In addition to the unit time, another 290 hours of overtime was worked throughout the year. This was comprised from three overtime duty details consisting of DUI enforcement, Aggressive Driver, and Buckle UP Grant completed for a total reimbursement of \$11,427.09.

In 2017, the Department continued to utilize the staffing of part-time patrolman to supplement the full-time staff to fill open shifts and special events such as Harvest Day, Antiques Flea Market, World War II Reenactment, etc... These professional part-time patrolmen are used to reduce the costs associated with the staffing of open shifts where full time personnel would require overtime. This is an efficient and effective economic means of reducing costs.

For the budget year 2017, Eastern Adams Regional expensed \$. 39,899.00 for part-time patrolman. This is a savings of \$50,275.00. If full time personnel were utilized to cover these shifts, the total overtime costs would have been \$90,174.00

Chart I

Overtime Expense

In the budget year 2017, Eastern Adams Regional Police Department was allocated \$20,000.00 for its overtime expenditures. The Department spent \$29,965.00 for the year on overtime expenditures which was a deficient of \$9,965.00 over budget. \$11,681.00 was reimbursed by State Grants, so the department did stay within its budget with a \$1,716.00 surplus.

A breakdown of the overtime expense is as follows:

- Holiday pay \$7,008.00
- Shift Replacement \$9,701.00
- Court Overtime \$5,401.00
- Investigations \$3,481.00
- Buckle-Up \$2,252.00
- DUI Enforcement \$2,784.00
- Aggressive Driver \$6,346.00

Chart III

EASTERN ADAMS REGIONAL POLICE DEPARTMENT ORGANIZATIONAL CHART

Personnel

<u>Name</u>	<u>Rank</u>
Francis Staab	Chief of Police
David Ogle	Corporal
Todd Dunlap	Patrolman First Class
Shawn Cuffley	Patrolman First Class
Timothy Mulder	Patrolman
Larry Kitzmiller	Patrolman
Bradley Sheetz	Patrolman Part-Time
Dirk Hough	Patrolman Part-Time
Douglas Fishel	Patrolman Part-Time
Darryl Keller	Patrolman Part-Time
Vita Iocco	Administrative Assistant
Michael Brent Young	Station Clerk

In 2017, Eastern Adams Regional Police Department went through a change of personnel. We welcomed Patrolman Michael Bailey as a new part-time officer. Patrolman Dirk Hough resigned his position to concentrate on his fulltime position as Director of Security for Hanover Hospital. We wish him well on his new responsibilities.

Eastern Adams Regional Police Department extends best wishes to Corporal David Ogle who decided to retire effective December 31, 2017. Corporal Ogle has been a valuable resource to our department through the years based on his experience and leadership abilities. He was often sought out by our younger officers for his advice and guidance.

Corporal Ogle will be remembered for his jovial personality and infectious smile. He was always patrolling the neighborhoods of Oxford Township and New Oxford Borough often stopping to speak with the residents and ask how they were doing. He had the uncanny act of remembering every detail of a case he was working on whether the case was new or 10 years old. His practice of community policing was stressed to all the younger officers who were trained by him.

Corporal Ogle started as a part-time patrolman for Eastern Adams Regional Police Department on September 11, 1999.

He continued part-time for several years until he was offered a full-time position on January 1, 2004. On January 24, 2014, Patrolman Ogle was promoted to the rank of Corporal by Chief Robert Then.

Corporal Ogle remained at this rank until his retirement this year.

Eastern Adams Regional wishes Dave good luck with his future endeavors. He will be missed by all the members of our department. Best of luck, Dave.

Eastern Adams Regional Patrolman Timothy Mulder is recognized by Aggressive Driving Enforcement and Education supervisor Jeff Bowman for Region 2 for his dedicated performance during the yearly summary meeting, which took place on June 5, 2017.

Eastern Adams Regional Police Department is honored in having Patrolman Mulder selected for this award as Adams County's top performer during this grant period.

Eastern Adams Regional Police Department is committed to enforcing the traffic laws of our State to reduce accidents, deaths, and injuries, which result from accidents for the safety of our residents.

Keep up the good work Patrolman Mulder.

Patrolman Timothy Mulder was also presented with the Top Gun Award for the year of 2017 from the Pennsylvania DUI Association.

On Thursday, November 9, 2017, The Pennsylvania DUI Association presented their annual Top Gun Award to officers throughout the Commonwealth of Pennsylvania with this prestigious award.

Patrolman Timothy Mulder was selected for his demonstrated performance and professionalism in his patrol procedures and observations in traffic enforcement.

The Eastern Adams Regional Police Department is honored to commend Patrolman Mulder's dedicated commitment for traffic safety for members of our community.

This year we experienced **no** Worker's Compensation claims.

The Department and its members received 2 commendation this year. Three commendations recognized individual officers. The Officers and the Department were commended for a job well done by:

Patrolman Douglas Fishel who recognized that a resident was in mental distress and contemplating suicide. Patrolman Fishel was able to keep the resident on the phone for over two hours while trying to trace his location. Fishel was able to locate the male then have him transported to the hospital for treatment.

Patrolman Timothy Mulder gave CPR to an individual in medical distress and was able to help stabilize him with EMS to be transported to Hanover Hospital for treatment.

We are very proud of this recognition by our peers and the public.

The Department investigated two conduct complaint that resulted in the officer being exonerated of any wrong doing. seven other infractions occurred and were investigated that resulted in discipline less than a suspension. In this area, we will continue to focus our efforts on improving.

Patrol Section

Calls for Service

In order to understand the workload demands placed on the Department, it is important to have a historical perspective. In other words, where have we come from and where might we be going. To that end, we offer the following five-year recap of activities. Our base year for this purpose is 2012.

YEAR	NUMBER OF CALLS	% INCREASE/DECREASE
2012	3029	-17.52
2013	2682	-11.43
2014	2566	-4.42
2015	2051	-20.15
2016	2035	-0.99
2017	1923	-4.59

As observed in the six-year recap for calls of service, we see a steady decline in calls for service. This is attributed to the loss of municipalities serviced by the Eastern Adams Regional Police Department from 2010 to 2014.

This year our call load showed a decrease of 4.59%. In 2017, we serviced 1923 calls for police assistance, which are 112 less calls than the previous year.

At this point, we will discuss, in some detail, the 1923 calls serviced. As you review this information, it might be beneficial to understand how authorities look at police activity. "Experts report (and authorities generally agree) that of all the calls received for police assistance, approximately 20% will be "Criminal" in nature and 80% will be "Service" in nature". Our figures indicate that 20% (385) of our total calls (1923) were criminal in nature and 80% (1538) were service in nature. Therefore, we appear to be experiencing an average amount of criminality and average amount of service activity in our jurisdiction when compared to the norm.

A breakdown of our total activity has been charted in five general areas. Calls that are criminal in nature, as defined by the Uniform Crime Report, are a combination of 44 Part I offenses and 345

Part II offenses. Calls that are service in nature are a combination of 165 traffic accidents investigated, 64 ordinance violations and 1538 incidents that have not been classified as criminal in nature and may best be described as service calls.

Activity

Patrol Section, issued 827 traffic citations this year. This is an increase of 225 compared to 2016. For historical reference, our traffic enforcement index has, in the past years, moved both higher and lower.

The Board should know that the enforcement index is determined by dividing the number of injury/fatal accidents into the number of citations issued. An optimum enforcement index is 10-20 citations for every injury accident according to authorities in the field. A three-year overview is as follows:

YEAR	CITATIONS	INJURY ACCIDENTS	TRAFFIC ENFORCEMENT INDEX
2017	827	20	41.4
2016	602	18	33.4
2015	511	14	36.5
2014	428	9	47.6
2013	691	18	38.4

In addition to the 827 citations, officers issued 194 written warnings, up 101 from last year, 132 faulty equipment cards, which is up 28 from 2016, 53 parking tickets, down 36 from last year and 64 non-traffic citations, down 37 from last year and 1 parking warning. Therefore, patrol conducted no less than 1285 traffic-related investigations in 2017 or more than 3.5 per day. None of this activity is classified as a reportable case and, therefore, is not tallied in the call-load figures expressed elsewhere on this report. Again, the Board should understand that this is self-initiated activity and not counted as a call or calls.

The average Patrol Officer did the following during the year:

- Response to incidents and supplemental reports – 455
- Responds to traffic accidents - 32
- Arrests felons, misdemeanors and summary violations - 35
- Contacts traffic violators – 257
- Drives miles on patrol – 17,465

In 2017, 51 persons were charged with “Driving Under the Influence” (DUI), which increased from 39 DUIs effected in 2016. Eastern Adams Regional Police officers continue to arrest

intoxicated drivers at an average rate as their counterparts across the state. A three-year recap illustrates the efforts made to keep our citizens safe.

There were 18 drunk drivers involved in motor vehicle accidents, which reflects 35% of the total drivers charged with DUI. Those arrested for DUI, on average, had a blood alcohol concentration of .22% more than two times the legal limit. The highest blood alcohol reported in 2017 was .31% or 3.87 times the legal limit.

Overall Criminal Activity

For reporting purposes, each municipality’s geographic area is identified as a “zone”. The zone concept is what allows us to track specific issues or trends in smaller geographic regions of a municipality.

Each municipality’s zones(s) are included in this report along with five general types of activity-- Part I Crimes, Part II Crimes, Motor Vehicle Accidents, Municipal Ordinance Violations, and All Other Incidents. This will show the activity type and the percentage as it pertains to each zone in your municipality.

Table II reflects each municipality’s overall activity by total number and percentage

**TABLE II
ACTIVITY BY MUNICIPALITY**

Municipality	Part I Crimes	%	Part II Crimes	%	Traffic Accidents	%	Ordinance Violations	%	All Other Calls	%	Total Calls
Oxford Twp	28	.02	237	.20	111	.09	28	.02	905	.77	1169
New Oxford	16	.02	108	.14	50	.07	36	.05	629	.83	754
EARP	44	.02	345	.18	161	.08	64	.03	1534	.80	1923

2017 Oxford Township Statistics

Felony Arrest	14	Traffic Citations	710
Misdemeanor Arrests	49	Parking Tickets	14
Non-Traffic Citations	28	Written/Verbal Warnings	468
Incident Reports	1169	Accident Reports	93
Supplemental Reports	223		

2017 New Oxford Borough Statistics

Felony Arrest	5	Traffic Citations	117
Misdemeanor Arrests	40	Parking Tickets	39
Non-Traffic Citations	36	Written/Verbal Warnings	256
Incident Reports	754	Accident Reports	49
Supplemental Reports	127		

Serious Crime

The 44 reported crimes classified as Part I Offenses under the FBI Uniform Crime Report System are the most serious crimes. Serious crime was down 48.89% (44 incidents) in our entire jurisdiction. Part I crimes include: Homicide, Manslaughter, Rape, Robbery, Aggravated Assault, Burglary, Theft, Auto Theft and Arson. Serious crimes were reported to municipalities numbering 28 cases in Oxford Township (32 less than last year), 16 cases in New Oxford Borough (14 less than last year)

*Figures for state and county averages based on the most current UCR Data, which is 2016.

A breakdown of the Part I crimes over three years reported to our Department can be viewed on Table III.

**TABLE III
PART I – CRIMES**

Crime Classification	2015	2016	2017	2016/2017 Inc/Decrease
Homicide/Inv Man	0	0	0	0
Rape	0	1	0	-1
Robbery	0	2	1	-1
Aggravated Assault	1	3	4	1
Burglary	8	12	3	-9
Theft	43	72	33	-39
Auto Theft	1	0	3	3
Arson	0	0	0	0
EARP	53	90	44	-46

A formula is available to numerically chart or indicate a municipality's crime rate in finite terms. The rate is determined by dividing 100,000 by a municipality's population; times the Part I reported crimes. The overall regional jurisdiction experienced an annual decrease (48.89%) in the crime rate. Municipal crime rates appear for review on Table IV.

**TABLE IV
MUNICIPAL CRIME RATE**

Municipality	Population	Part I Crimes			Crime Rate 2017	2016/2017 Inc/Dec
		2015	2016	2017		
Oxford Twp.	5,838	37	60	28	479.62	-32
New Oxford	1827	16	30	16	875.75	-14
EARP	7665	53	90	44	574.04	-46

Less Serious Crime

The 345 reported crimes, classified as Part II offenses under the FBI Uniform Crime Report Systems are less serious crimes. Part II Crimes increased (20 cases) or 0.92% in 2017. A three-year review of these crimes appears on Table V.

*Figures for state and county averages based on the most current UCR Data, which is 2016.

**TABLE V
PART II CRIMES**

Crime Classification	Reported Cases			2016/2017 Inc/Dec
	2015	2016	2017	
Simple Assault	18	14	4	-10
Forgery	0	0	2	2
Fraud	20	26	59	33
Rec. Stolen Property	0	0	0	0
Vandalism	26	31	36	5
Poss. of Weapons	2	5	8	3
Prostitution	0	0	0	0
Sex Offenses	1	7	10	3
Drug Laws	7	20	25	5
Gambling	0	0	0	0
Family Offenses	7	19	9	-10

Public Drunkenness	5	9	14	5
Harassment	25	73	74	1
Disorderly Conduct	50	53	47	-6
Others**	17	27	10	-17
EARP	184	325	345	20

** See Appendix "A" (all other classifications under UCR; does not include township/borough ordinances)

Service Calls

As mentioned earlier, national averages indicate that approximately 80% of all calls received by police will be "service" in nature. We found ours to be 79.77% this year. Municipalities as shown on Table VI generated these 1923 calls.

**TABLE VI
MUNICIPAL CALLS FOR SERVICE**

MUNICIPALITY	TOTAL CALLS			SERVICE CALLS			% of TOTAL	
	2015	2016	2017	2015	2016	2017	2016	2017
Oxford Twp.	1266	1305	1169	963	1019	905	.78	.77
New Oxford	785	730	754	604	601	629	.85	.83
EARP	2051	2035	1923	1603	1620	1534	.80	.80

School & Community Safety Initiatives

An important service we provide to our community is business checks for security and house checks for residents who are on vacation. During the last year, Eastern Adams Regional provided 328 checks of these properties.

As an important part of the EARPD patrol services best practices, officers are encouraged and expected to stop at each school within their assigned patrol zone and enter the building to conduct a safety / patrol check. In addition, the officers are stationed in school zones for traffic safety purposes during the arrival and departure of students while the school safety zones are active. EARPD conducted 149 school checks during 2017 in which officers walked the halls of the school interacting with the students.

Patrolman Timothy Mulder is presented a utility storage box by members of the New Oxford High School Wood Shop Class

New Oxford High School Wood Shop students, Cameron Kohler and Christopher Sehestedt install the storage utility box that they built from their wood shop class into the Police vehicle

Pictured is teacher [A.J. Warner](#), students, Christopher Sehestedt and Cameron Kohler and Patrolman Tim Mulder.

Eastern Adams Regional Police participated in several initiatives for the community such as: conducting workshops for the boy scouts and girl scouts in law enforcement, participating in the driver safety program from Yazoo Mills, and fingerprinting our youth at various community events for identification purposes in case they become lost.

Lethality Assessments In 2016, the department was one of several departments that continued to participate in the Domestic Violence reduction effort by using a Lethality Assessment Program to screen potential high-risk victims and direct them to victim services. The survey tool is used by officers and if the victim screens in, the officer attempts to make an immediate direct contact with victim services. The department conducted 8 Lethality Screens in 2017 This is seen to be a very effective approach to violence reduction in domestic violence.

Ride-Along The Eastern Adams Regional Police continues a ride along program for individuals who are aspiring law enforcement officers and who are interested in getting a feel for what it is like to be on patrol. With the Chief's approval, high school (partnered with Gettysburg Prep) and college students from within our jurisdiction spend up to eight hours on patrol with a EARPd officer responding to emergencies and calls for service. EARPd continues to do have several ride a-longs throughout the year. We also encourage stakeholders of our community to ride-along with our officers to promote community awareness of the services provided by our Department.

Safe Drug Disposal With Med Return Collection Unit

You can dispose of excess & expired prescription and over-the-counter medications safely at the Eastern Adams Regional Police Department.

Eastern Adams Regional Patrolman collect the prescription drugs which were turned in during the recent Drug Take Back Day and place the medication into boxes to be destroyed.

The Department was presented by the Adams County District Attorney's Office with a permanent drug take back box for our lobby in 2015. The drug box is accessible to the public during business hours. Eastern Adams Regional Police Department also participates in the Bi-yearly Take Back Day sponsored by the Adams County District Attorney's Office. During 2017, we collected more than 465 pounds of prescription medication for destruction

Pictured are Patrolman Douglas Fishel and Patrolman Dirk Hough from Eastern Adams Regional Police Department.

Alarms

Response to alarms is classified as a service call.

In 2017, total alarm dispatches accounted for 92 of the total call load or 4.78%.

A municipal alarm overview, which compares the number of alarms to the total number of calls in each municipality, finds that we handled in 38 Oxford Township and 54 New Oxford Borough.

Vehicle Accidents

Accident investigations are also classified within the concept of a service call. This year we experienced a decrease in the accidents we investigated. The 161 accidents reflected a decrease of 4 crashes or -1.02% compared to 2016. Injury accidents investigated were 20, which increased by 2 from 2016. In addition, we investigated 0 fatal accidents.

(A municipal breakdown of this information is shown on Table VII.)

**TABLE VII
MUNICIPAL ACCIDENT ACTIVITY**

MUNICIPALITY	Accidents			Injury Accidents			Fatal Accidents		
	2015	2016	2017	2015	2016	2017	2015	2016	2017
Oxford Township	153	102	111	10	13	14	0	0	0
New Oxford	67	63	50	4	5	6	0	0	0
Totals	220	165	161	14	18	20	0	0	0

Traffic Concerns are #1 with our Residents – The most consistent concern from our residents have to do with traffic related issues. It may be that traffic is exceeding the speed limit in front of their homes or that are driving and they call us about another driver’s poor driving. Either way, we hear you! We are consistently attempting to slow traffic or locate the aggressive driver. We have a variety of ways to attempt to solve these problems. One is for our Officers to enforce the State traffic laws

Statistically, drivers become safer in their driving habits after being stopped by an Officer. An additional benefit of stopping someone is that crime decreases in areas that take an active role in traffic enforcement. These are two important reasons why we spend a lot of our time working on traffic problems.

Pictured is Patrolman First Class Todd Dunlap conducting an accident investigation

Part I Crimes and Investigations

In the paragraphs that follow provide a brief synopsis of major crimes investigated within each municipality during 2017:

Oxford Township

01/21/2017 10:52 pm-While on routine patrol in the area of Kohler Mill Rd. & Poplar Rd, police observed a vehicle operating at a high rate of speed & stopped it for investigation. Upon investigation, Police cited **AARON BEARD** W/M 22 years of age from Hanover with DUI drug related & **JOSHUA STRAUSBAUGH** W/M 22 years of age from Hanover with drug charges & prohibited offensive weapon.

Administrative Areas of Specialization

The EARPD employs a part-time Administrative Assistant that reports directly to the Office of the Chief of Police. This professional is responsible for the execution of process as directed by the Chief of Police. This includes all aspects of generally accepted business and accounting practices consistent with best practices for both business and government.

We also employ a part-time Station Clerk who is responsible for our Records Section. The role of the Records Section is to insure and coordinate the rapid and orderly flow of information between the various components of the police department. One of the many integral functions is to provide data entry into the automated information system. The members also provide other varied services, including the greeting of all visitors to departmental headquarters and processing all insurance or other outside requests for information. The staff assigned to Records processed nearly fifteen hundred records in 2017.

The information from the automated database continues to be vital in many tasks essential to department effectiveness and efficiency. These tasks include identification of crime patterns and trends, providing information to assist in the scheduling and distribution of manpower and the cohesive exchange of information with other agencies for the solution of crime.

Pennsylvania's Right to Know Law (Act 3 of 2008)

An added responsibility was placed on the Station Clerk in the last five years that has become very time consuming. The "Right to Know" law requires an "Open Records Compliance Officer" (ORCO), which currently is the station clerk.

Throughout the year, there are many requests for documents by the public and other entities. These requests are handled by the ORCO. The process to respond to the requests is as follows:

- Department receives written request for document
- Document is researched and located
- Document is reviewed to determine what information can be released
- Redact all information that must be excluded
- Provide a written response to the requestor
- Maintain a written log of all requests and actions taken

In 2017, we processed 125 "Right to Know" requests compared to 176 in 2016. Also, 3 court ordered record was expunged during the year.

Training & Career Development – Philosophy

The EARPD understands the need to train officers beyond the minimal required standards as established by the Commonwealth of Pennsylvania for basic training of certified police officers, this agency level of commitment extends far beyond the minimal in-service annual training update. The EARPD adheres to the philosophy of providing officers meaningful training that will enhance both the career development of the officer and extend to meeting the needs of the community for the quality and scope of police services being delivered. The EARPD strongly believes that minimal training equates to minimal performance and substandard outcomes, both of which are repugnant to EARPD agency members

FLEET REPORT

EASTERN ADAMS REGIONAL POLICE DEPARTMENT

Fleet Deployment

During 2017, the Department deployed six vehicles during its operations.

Patrol Vehicle	Mileage	Repair Costs	Mileage per yr.	Fuel Used
2014 Dodge Charger	43,379	\$1,825.42	17,250	\$ 2,060.24
2014 Ford Explorer	75,021	3,447.94	20,041	\$ 2,878.87
2010 Ford Crown Vic	115,802	\$ 963.04	5,081	\$ 538.41
2017 Ford Explorer	12,986	\$ 358.44	12,986	\$2,055.19
2008 Dodge Charger	189,811	\$3,148.47	12,976	\$1,788.86
2016 Ford Explorer	28,520	\$ 447.75	18,992	\$2,788.54
Totals	465,559	\$ 10,191.06	87,326	\$ 12,110.11

RETIRED VEHICLES

There was one (1) vehicle (2010 Ford Crown Vic) decommissioned and was sold for \$1,000.00. This vehicle had an average mileage of 162,444 and an average service life of 7 years as a patrol vehicle.

VEHICLE DAMAGE

AT-FAULT ACCIDENTS

During 2017, the Department experienced a total of zero (0) accidents in which the officer were culpable. There was no monetary loss due to accidents.

PRISONER DAMAGE

Occasionally, suspects who are in custody and secured within a patrol vehicle, intentionally inflict damage to the vehicle. Most often this results from suspects kicking the interior door panels or windows. During 2016, we experienced no prisoner damage. The officers did an exceptional job at securing and controlling prisoners while in Department vehicles.

WEBSITE

<http://police@eadamsregionalpd.net>

In 2015, we recognized the need to improve upon our Department website. Our goal was to create a user-friendly site that could be used by the community, media, law enforcement, and others as a means to provide accurate and timely information.

The website provides easily accessible ways to contact the Department. Visitors can provide information to specific units such as traffic, criminal, and community policing. Department forms commonly requested by the public are printable from the website.

FACEBOOK

In 2016, Eastern Adams Regional recognized the need to improve communication with our stakeholders by establishing a Facebook page, which will help the Department supply our stakeholders with up to date information on current events. Eastern Adams Regional adheres to the need to be transparent in our communication with information to our stakeholders to promote open lines of communication.

Below is a description of the activity added to our Facebook page in 2016

- 147 Press Releases
- 16 Department News
- 22 Crime Prevention tips/Scam Alerts
- 1 Wanted Persons
- 1 Megan's Law Notification

CONCLUSION

The department will continue its efforts to provide improved police service and protection balanced with the continued focus on traditional crime and the increased demands on traffic enforcement. The top priority of every officer of the Eastern Adams Regional Police Department continues to be providing the highest quality of service to the citizens of New Oxford Borough and Oxford Township.

Our goals in 2018 are to prioritize adequate shift staffing to sustain optimal levels of officer safety while encouraging a more proactive level of community policing. We will also continue to provide quality training for employees to enhance the department's growth. The department will continue to build strong partnerships with our communities, school district, and neighboring law enforcement agencies. The Department is looking to achieve accreditation through the PA Chiefs of Police Association.

The department has been recognized by many organizations across the state and we will continue to make every effort to improve the quality of services offered to the community. It is a credit to the elected and the appointed officials of the municipalities involved that they have recognized the need to cooperatively provide for the safety of the citizens and visitors of the community. The Commission's commitment to the Regional Police Department requires a great deal of effort and they have come together to accomplish this task.

I am proud of the work that the men and women of the Eastern Adams Regional Police Department have done. In fulfilling our mission, the employees of the Eastern Adams Regional Police Department diligently work in partnership with our community to improve the quality of life for our residents. Our officers strive to provide professional police service in an ethical and courteous manner, with courage, vision and integrity. We acknowledge the need for maintaining high ethical standards and are committed to professional standards that ensure us a place of trust and respect within the community. Looking towards future goals include acquiring funding to build a new police station that is conducive to working in today's security enhanced society. There is a need for more modern and enhanced technology to combat more technologically advanced and sophisticated criminal acts. The department's future is tied to the community and together we can make a safer future for everyone. Finally, while we have accomplished much, we know we're not done. We will continue to make improvements within our organization and we will never stop trying to do better. We are in this together with our community and we look forward to working with each of you on the problems that present themselves in the coming year.

Respectfully submitted,

Francis Staab

Francis Staab
Chief of Police

CAVEAT: Although the year-end report is historically submitted and signed by the Chief of Police, it clearly represents the efforts of others. To wit, this report was generated with the assistance of several members of the Department, including: Corporal Ogle, PFC Dunlap, PFC Cuffley, PO Mulder, PO Kitzmiller, Station Clerk Brent Young, and Administrative Assistant Vita Iocco
